This matrix follows chapter headings in the Female Offender Strategy ('the strategy') and the commitments made in each. Page numbers in the first column correspond to page numbers in the strategy. Some stakeholders in the agencies columns are taken from the strategy, but we have added others relevant agencies. The deadline column refers to the deadline outlined in the strategy. The progress column tracks progress of each deliverable since publication of the strategy, either from public information or from material provided to ABFO. Please note, many of the commitments in the strategy are vaguely worded and there is no implementation plan with timelines. So the list of deliverables in the matrix has been drawn as accurately as possible from this.

ABFO PR XXX-XX = Advisory Board on Female Offenders progress report

PQXXX = written parliamentary question

KEY
RED = no progress
AMBER = partial progress
GREEN = commitment met
